Do You Have Type 2 Diabetes? We are enrolling adult volunteers now

If you have type 2 diabetes, find out if you qualify for a clinical research study of an investigational oral diabetes medication.

You may be eligible if you have type 2 diabetes (also called adult onset diabetes) and:

- You are 55 - 80 years of age
- Your blood sugar is not at target levels after:
 - At least three months of diet & exercise

OR

- At least three months of treatment with one or more anti diabetes medications

If eligible to participate, you will be seen by a study doctor and will receive study-related testing and study medication at no cost. If enrolled, you may be reimbursed for parking and travel expenses.
