

**Do you find it
difficult or
inconvenient to
take a weekly tablet
to treat your
Osteoporosis?**

If you answered yes and you have taken Alendronate or Fosamax for less than 18 months, call Dr. David Kendler and his research team at 604-263-3661 to get more details on a study for an investigational medication for osteoporosis.

As part of the study all participants will receive at no cost:

- Investigational medication.
- Study related medical exams.
- Study related bone density scans.
- Reasonable compensation for time and travel.
